Spending this Patriotic holiday in NYC? Michael Jordan's The Steakhouse N.Y.C. is offering up a sophisticated spin on a beach party classic. Executive Chef Cenobio Canalizo will offer a special three course, prix fixe menu from Thursday, July 2 to Sunday, July 5.

The menu features steamed clams and garlic tomato broth, 1 ½ pound lobster and corn on the cob, followed a very berry summer pie with vanilla ice cream. Price is \$59 plus tax and service.

Designed by David Rockwell, Michael Jordan's The Steakhouse NYC is one of Grand Central Terminal's culinary gems. Executive Chef Canalizo creates a selection of perfectly charred steaks, fresh seafood and classic dishes. The restaurant's bar on the west balcony has also become a popular location for locals and tourists who want to sample top picks from the wine list or their latest seasonal cocktails.
